Objective

A self-motivated and responsible Computer Science graduate seeking an opportunity in a professional and growth-oriented environment where I can enhance my technical and problem-solving skills. Looking forward to taking on challenging tasks, learning new technologies, and contributing effectively to the organization while achieving my professional goals.

Education

Alva's Institute of Engineering and Technology, Moodbidri

B.E. – Computer Science (IoT and Cybersecurity incl. Blockchain) — CGPA: 8.72

2022 – 2026

Moodbidri, Karnataka

Government Pre University College, Navunda

PUC – PCMCs — Percentage: 75.3%

2020 – 2022

Kundapura, Karnataka

Internship

Take It Smart Pvt. (OPC) Ltd.

Data Science Intern

- Performed data preprocessing and analysis using Python and SQL to prepare datasets for analysis.
- Analyzed datasets to identify patterns and generate meaningful data-driven insights.

Projects

Employee Payroll Management System | Python, Tkinter, MySQL

- Developed a desktop application for employee management, attendance tracking, payroll processing, and payslip generation.
- Designed a Tkinter-based GUI with MySQL integration for efficient employee data management.
- Implemented salary calculations including allowances, deductions, and attendance-based payroll processing.

Fire Fighting Robot | Arduino, C, Sensors, Embedded Systems

- Developed an autonomous robot capable of detecting fire using flame sensors and responding to detected fire sources.
- Integrated sensors, motor control, and a water pump for automated movement and fire extinguishing.
- Implemented real-time control logic for fire detection, obstacle avoidance, and automated navigation.

Technical Skills

Languages: Python, SQL, C

Web: HTML, CSS, JavaScript

Tools: Git, GitHub, VS Code, Jupyter Notebook, Excel

Operating Systems: Windows, Linux

Relevant Coursework: Data Structures and Algorithms, Object-Oriented Programming, DBMS, Operating Systems, Computer Networks, Software Engineering

Certifications

- FreeCodeCamp – Responsive Web Design
- CodeChef – Data Structures and Algorithms
- Coursera – Google Cybersecurity Specialization
- Salesforce Administrator – Virtual Internship
- Solved 500+ problems on CodeChef
- Solved 180+ problems on LeetCode

Achievements

- Volunteered at International Jamboree, Alva's Vidhyagiri.
- Organized and conducted Kaliyona computer education activities for primary school students.
